

Amandeep Singh

DevOps specialist with ample experience in financial, trading, and non-profit sectors. Throughout my career, I was privileged to work with skilled people in multiple realms, and elite projects, including Delta Airlines, Football Pools, VAKT, Credit Suisse, et cetera.

Experience

State Street: (April 2019 - Working)

- Implemented a complete CI/CD solution for an internal Application from scratch using ConcourseCI.
- Enabled a team in Artefacts management and Deployment on Kubernetes.
- Enabled a blockchain initiative at State Street from the DevOps perspective.
- Implemented an Enterprise level observability stack including EFK, Prometheus-Grafana, Open Tracing running on Kubernetes.

ThoughtWorks (Jan 2015 - April 2019)

- Helped in Automation of the calabash test suite for the **Delta** airlines.
- Worked on a betting platform product with ~25 micro-services written in Ruby on Rails deployed using Vagrant and Puppet.
- Worked on a hospitality business in creating their multiple UI's/single backend platform for all their franchise brands.
- Worked on an internal platform of an investment bank to manage their Gift and Entertainment services.
- Worked and enabled a first-class blockchain platform **Vakt** from DevOps side.
- Worked end-to-end on an internal Application [Ramp up] of Thoughtworks starting from analysis till deployment.
